The copy filmed here has been reproduced thanks to the generosity of:

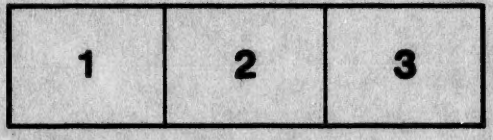
Nova Scotia Public Archives

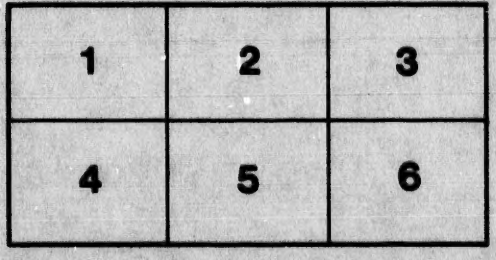
The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:





L'exemplaire filmé fut reproduit grâce à la générosité de:

Nova Scotia Public Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Light Dues.—Six pence per ton on all vessels entering any Port or Harbor of the Colony, except Coasting, Sealing or Fishing vessels; but not to be levied more than once in any one year.

Coasting and Sealing Vessels.—Three pence per ton on registered vessels over 40 tons; ten shillings per annum on all vessels less than 40 tons.

Description of the Lights.—Fort Amherst—This is a Stationary Light, on the Southern head of the entrance of St John's Harbour. Cape Spear—This is a powerful Revolving Light burning at an

elevation of 275 feet above the level of the sea, and showing a brilliant flash at intervals of one minute; in clear weather it may be seen from sea, in any direction, at the distance of 30 miles. Harbor Grace—This is a powerful Fixed Light situate on Harbor Grace Island, in Conception Bay, extending Eastwardly or seaward in a direction by Compass from North-east to South-west. Bonavista—This Light revolves every two minutes, showing a red and white flash, alternately; and is elevated 150 feet above the level of the sea. St. Peter's—A Light House has been erected by the French Government on Gallantry Head, near Cape Noir; the light is a fixed one, it burns at an elevation of about 210 feet above the level of the sea; it may be seen (in passing by the S) from WNW to NNE, at the distance of 18 or 20 miles in clear weather; in passing by the N., it is shut in by high land from NNE to WNW. Cape Pine—The character of this Light is that of a Brilliant Revolving Light, of which the greatest intensity will be apparent in every direction seaward *twice in a minute*; it will burn at an elevation of 302 feet above the level of the sea, and will be visible in clear weather at a distance of 30 miles; the erection is a Round Tower 50 feet high, painted with Bands of Red and White (horizontal) alternately. Cape Race Beacon—The total height of this Beacon is 65 feet; it stands on the rising ground 140 feet high, immediately behind Cape Race Rock, so that the top of the Beacon is at an elevation of 205 feet above the sea level; it is of hexagonal shape, 22 feet in diameter at the base, and 11 feet on each face; it tapers upwards to a height of 56 feet, where its diameter is but 2 feet 9 inches, and is then surmounted by a Skeleton Ball 9 feet in diameter—making the total height 65 feet; it is constructed of timber framework with exterior clap-boarding, and its faces are painted alternately White and Red (vertical) and the Ball at the top Red.

THE PHŒNIX OFFICE

Was established by a numerous Proprietary, in January, 1782, upon principles of public utility.

The experience of nearly three-quarters of a century has manifested to the public the promptitude and liberality with which all losses have been adjusted by the *Phœnix Assurance Company*, to the extent of upwards of *Six Millions Sterling*.

Persons insured by this Company do not depend upon restricted funds for the payment of their claims, nor are they liable to make good the losses of others, as is the case in many Offices.

The security afforded to the Public by the *Phœnix Office* is unlimited, comprising, in addition to the large invested capital of the Company, the whole fortunes of a numerous Proprietary, comprised of some of the most opulent gentlemen and merchants in the Kingdom.

Rates of Premium, which have lately been considerably reduced, and all particulars of Insurance, may be had on ap-

plication to the undersigned, who also issue Policies on the spot (by which a saving of the Stamp Duty, chargeable on all Policies issued in England, is effected) free of any charge; and any orders or communications addressed to them will be as punctually attended to as at the Company's Offices in London.

THE COLONIAL LIFE ASSURANCE COMPANY

Has been established for the purpose of extending to the Colonies of Great Britain, and to India, the full benefit of Life Assurance; and for the purpose of giving increased facilities to persons visiting or residing in Foreign Countries. The Company is registered and empowered under the Act of Parliament 7 and 8 Vict, cap. 110.

The general management of the Company is under the direction of persons who have been long practically acquainted with, and connected with the working of Life Assurance Institutions; and it has been the study of the Directors to afford all those advantages to their Policy-holders abroad which are commanded by assurers in this country.

For the purpose of giving increased facilities also in the Company's transactions, the Directors have formed Local Boards of Management, and Branch Offices, where Assurances may be effected and Premiums paid, in the different places to which they have extended their business.

THE CAPITAL of the Company is £500,000. All the Directors in Great Britain are Shareholders of the Company, and those appointed in the Colonies are bound to take a similar interest in the Institution.

THE RATES which the Company have adopted, have been formed on the most correct observations which exist as to the value of life in those countries to which the Company have extended their business.

THE PROFITS of the Company will be ascertained and divided at certain intervals: the First Investigation and Division being to be in 1854, when each Policy having a right to participate in the Profits, will share in the Fund to be allocated for Division among the Assured, according to the Profits which the Company may calculate to have arisen on the particular class of Risks to which such Policy may belong.

Every information can be obtained at the Offices of the Company.

By order of the Directors,

WILLIAM THOS. THOMSON, *Actuary.*

ESTABLISHED MARCH, 1824.

Persons effecting insurances with the *Alliance Company* enjoy the following important advantages:

I.—*Perfect Security.*—The large Capital and nearly One Thousand Shareholders composing the Company, render the Security presented to the public undoubted.

II.—*Moderate Premiums of Assurance.*—The Rates of the Premiums of Assurance for the greater part of *Life*, will be found lower than those in use in many of the older and most respectable offices.

The Premiums of Assurance on *Fire* are the same as those which are demanded by the first class of Assurance Companies.

III.—*Participation of Profits by the Assured both in Life and Fire.*—The profits of the Life Department, appropriated every Five Years, are applied either to the reduction of the rate of the future Premium to be paid on the policy or to the increase of assured on the Life, as is most agreeable to the Assured; the party to make his choice at the time the proposition for Assurance is made.

The *Profits* of the *Fire Department* appropriated to the Assured, are distributed at the close of each successive period of Five Years, in the form of a per centage on the Premiums which have been paid.

IV—Parties who obtain a settlement of losses by Fire are not thereby deprived of their right to participate in the profits of the Company.

V—Losses by Lightning are made good.

The undersigned beg leave to announce, that having been appointed Agents for Newfoundland to the above Company, they are prepared to receive proposals for FIRE and LIFE INSURANCE, and to issue Policies on the spot, by which means a saving of the stamp duty on Policies will be effected.

William Stewart—Manager.

This Company has been in successful operation since 1833. £45,000 has been paid up and invested at interest in the province of Canada. The list of Shareholders, and a detailed statement and account under oath, are by the provisions

of the Charter, rendered to the three branches of the Legislature at the commencement of each session, and are published by authority in the appendix to the Journals.

THE MARINE POLICY is a transcript of that issued at Lloyds, and will be issued immediately on assurance being granted.

The undersigned having been appointed Agent of the *British America Assurance Company*, is prepared to take Risks on VESSELS and CARGOES, and also to effect Insurance on PROPERTY of all kinds against Fire, at very Moderate Premiums.

Manager and Actuary—Percy M. Dove, Esq.

FIRE INSURANCE on Property of all kinds, at very moderate rates. Prompt and liberal settlement of Claims.

The Agents beg to announce that the Directors have now authorised them to accept LIFE INSURANCES at the premiums of the English Tables, giving to the Assured the same extensive limits of travelling hitherto permitted :—this reduction will extend to existing Policies.

The success and high position of the Company, with the moderate Rates now adopted, present peculiar advantages to intending LIFE INSURERS;—it will be obviously for their benefit, to be admitted among a select class of Lives, as the Bonus to be added to their respective Policies from time to time, will be thereby enhanced, whilst the large Capital gives entire security under adverse circumstances, under which a Mutual Company, or one with a small Capital, must necessarily succumb.

A portion of the Premiums may remain on Credit.
